

AZMEEL CONTRACTING & CONSTRUCTION CORPORATION

The Azmeel Contracting & Construction Corporation is the home branch of the Azmeel Group, engaged in diversified construction projects throughout the Kingdom of Saudi Arabia.

The company operates from offices in Jubail, Riyadh, Dammam, Jeddah, Medina Al-Munawarah, Al-Ehssa, Yanbu, Rabigh and Thuwal with over 1,000 highly skilled engineers from various disciplines. The quality of Azmeel services and professionalism convinced clients such as Royal Commission, ARAMCO, SABIC affiliates, the King of Bahrain, Saudi Telecom, MARAFIQ, MAADEN and others.

CHALLENGES

Azmeel wanted to adopt a reliable and converged solution.

They also needed to lower the operational costs.

Finally, the company wanted to provide a homogenous user experience across all sites.

WHY ALCATEL-LUCENT ENTERPRISE

The proposed converged solution satisfied Azmeel’s business and technical requirements, especially at the reliability and serviceability levels.

Alcatel Lucent Enterprise’s prompt support and attention as well as optimal maintenance conditions provided on the ground through its local Premium Business Partner eVision were decisive criteria for Azmeel.

eVision’s strong technical presence in the region significantly contributed to Azmeel’s overall confidence in the workability and serviceability of the proposed solution; awarding Alcatel Lucent Enterprise the “Technology Partner of Choice” title within Azmeel Group of Companies.

BENEFITS

TECHNICAL

The new network is highly reliable and provides a secure operational environment between Azmeel’s headquarters, remote offices and the different project sites across Saudi Arabia.

Also, the solution is scalable and allows for customer sites transparent expansion at their own pace.

USER EXPERIENCE

Employee efficiency and productivity have significantly increased thanks to the new technology implementation.

“We were in need of a converged solution that had to be dependable. Alcatel-Lucent Enterprise implemented a network that is highly reliable and provides a secure operational environment. Our employees are more productive and efficient handling their daily tasks.”

Nasir Mohamed, IT Manager, Azmeel Contracting & Construction Corporation.
